### Great Stock-taking Sale

Surging crowds within the door—  
Scanning all the building over—  
Buying everything in sight—  
Till the sinking of daylight.

Crowd number one made great inroads into our stock; crowd number two was still greater. And as to crowd number three—well, we expect still greater things of it when such an incentive as this list is shoved at 'em. It's no wonder, either, when we can't buy the goods at those prices ourselves.

## DRAWING LINES CLOSER

Stricter Regulations as to Granting of Liquor Licenses.

NEIGHBORS MUST KNOW

Making an Old Trick Impossible—Attorney Thomas' Opinion As to Building on Party Lines—Bicycle Lamps to Be Lighted at Sundown—Pension for Mrs. Mary R. Lowe.

The attention of the members of the excise board has frequently been called to the fact that a part of the property owners in the neighborhood of a place where a saloon is proposed to be opened are kept in ignorance of the fact that an application for a license has been made.

In order to render this impossible in the future, the board has prepared a card stating that Mr. Blank has applied for a liquor license at this place. That card must be posted in a conspicuous place on the outside of the building and remain there until final action upon the application has been taken by the excise board. The card, if destroyed, or removed, in any manner, must be replaced by a new one, which the board will supply on application. The board has given notice that any place not licensed on October 31, 1895, will be considered a new place.

THICK WON'T WORK HEREFTER. Some applicants for liquor licenses heretofore have first fitted up their places at great expense and then plead before the board that they have incurred heavy debt and on this account should be granted permission to sell.

The board gave notice that no attention will in the future be paid to the fact that the applicant has speculatively in fitting up a new bar-room. In order to give the board an opportunity to transact its business as the board of assistant assessors, the board will hereafter consider liquor license applications only on the second Wednesday of each month.

The executors and trustees of the Corcoran estate have commenced the erection of four brick stores on the west side of Fifteenth street between Pennsylvania avenue and Building Inspector Brady declined to permit the estate to use the party line on the north end of lot 22 in square 221. The reason given was that the rulings of the building department in the past have been not to allow party walls to be used where owners have previously built and reserved an alley or street frontage as the only entrance to rear end of their buildings. This is a case which the building inspector claimed came under former rulings, and he felt bound to follow the precedent of the department.

REFERRED TO ATTORNEY THOMAS. The attorneys for the estate thought that under the law their clients had a perfect right to build on the party line in question, and therefore requested that the matter be referred to the Commissioners and that an opinion be asked from the Attorney for the District of Columbia as to the rights of the estate.

Attorney Thomas gave as his opinion that the trustees of the Corcoran estate have the right to encroach on the lot adjoining the north side of lot 22, square 221, to the extent of one-half the thickness of the wall of the building they propose to erect.

The Commissioners yesterday decided that for the present sundown shall be the time at which bicycle lamps are required to be lighted. A change will be made in the near future and the hour made to suit the season and time of year.

A pension of \$40 per month from the fireman's relief fund will be allowed Mary R. Lowe, the widow of the deceased assistant chief, during her widowhood. This pension dates from July 28. It was also ordered by the Commissioners that \$75 be paid from the fireman's relief fund toward defraying the funeral expenses of the late L. R. Lowe, first assistant chief engineer of the District fire department.

Permission was granted the Tenthalltown Fire Association to use the fire plug in Tenthalltown once or twice a week for a period of thirty days for the purpose of drilling.

The resignation of E. L. Harbaugh, the veteran inspector and measurer of lumber, took effect yesterday.

### WHEN THE DOG WAS SHOT.

Police Auguste Had No Trouble in Taking His Prisoner.

Policeman George Auguste, of the Fourth precinct, had an exciting experience last evening with a burly negro prisoner and a yellow dog.

Auguste had instructions from headquarters to arrest Henry Williams, alias "Bo." The officer used considerable firmness in taking the colored man into custody. Williams resisted violently and made an assault upon Policeman Auguste.

During the tussle a link yellow dog, the property of Williams, came to his master's assistance. He sprang upon Auguste, seized him by the leg and tore his pants.

Seeing that the combination of man and dog was getting the best of him, the officer drew his revolver.

"Stand back, old man," he said to the prisoner.

Then leveling his revolver at the dog as it was about to spring on him again, the policeman sent a bullet crashing through its skull.

The colored man was quickly subjected and taken to No. 4, where he is held for police headquarters.

Williams is the father of Curtis Williams, for whom the police have been anxiously searching for eight months.

Bute Is Believed to Be Insane. John Bute, 35 years of age, was locked up at No. 1 station last night, on the charge of petit larceny. It is alleged that Bute stole dress facing, valued at 75 cents, from Joseph H. Curran. At the police station Bute acted as though he was suffering from an attack of insanity.

He had a wound on one side of his head, and declared he had been assaulted. If he is not shamming, the prisoner may be examined to-day as to his sanity.
